WILDLAND FIRE TRAINING COURSE ANNOUCEMENT

S-131 Firefighter Type 1
S-133 Look Up, Look Down, Look Around

Nominations due January 11, 2008

An NWCG nomination form MUST be submitted for student selection. Call if you do not have access to this form.

Firefighter Type 1, S-131 is a course designed to meet the training needs of the Firefighter Type 1 (FFT1). This course is designed to be interactive in nature. It contains several tactical decision games designed to facilitate learning the objectives and class discussion. Topics include: fireline reference materials, communications and tactical decision making.

S-133, this course examines the wildland fire environment and the indicators firefighters should observe on the fireline in order to anticipate fire behavior.

TARGET GROUP: Individuals desiring to be Firefighter Type 1 (FFT1)

DATES OF CLASSES: February 12 – 13, 2008

CLASS LOCATION: Yakima County Fire Dist. 5, Station 9, Toppenish, WA.

CLASS SIZE: Maximum 20 students

PREREQUISITES: None.

COST: No fee

COURSE COORDINATOR: Charles Pimms, 509-865-6653

MAIL, E-MAIL OR FAX NOMINATIONS TO:

Charles Pimms, Yakama Fire Management, P.O. Box 151, Toppenish, WA 98948,
charles@yakama.com or FAX (509) 865-6537.

WILDLAND FIRE TRAINING COURSE ANNOUCEMENT

**FI-110 Wildland Fire Observations and Origin Scene
Protection For First Responders**

Nominations due January 11, 2008

An NWCG nomination form MUST be submitted for student selection. Call if you do not have access to this form.

The primary emphasis of this course is to teach sound Wildland fire observations and origin scene protection practices that enable first responders to a Wildland fire scene to perform proper origin scene protection procedures. The course is presented by short lectures, electronic presentations, exercises, and class discussion.

TARGET GROUP: recommended training for all first responders, including single resource bosses, law enforcement officers, prevention technicians, and field resource personnel.

DATES OF CLASS: February 15, 2008

CLASS LOCATION: Yakima County Fire Dist. 5, Station 9, Toppenish, WA.

CLASS SIZE: Maximum 20 students

PREREQUISITES: None.

COST: No fee

COURSE COORDINATOR: Charles Pimms, 509-865-6653

MAIL, E-MAIL OR FAX NOMINATIONS TO:

Charles Pimms, Yakama Fire Management, P.O. Box 151, Toppenish, WA 98948,

Training Announcement

FI-210: WILDLAND FIRE ORIGIN AND CAUSE DETERMINATION

Nominations due April 18, 2008

Minimum number of students: 15

Maximum number of students: 25

COURSE DESCRIPTION:

The primary purpose of this course is to provide a consistent knowledge and skill base for the Wildland Fire Origin and Cause Determination Investigator (INVF). The concepts taught in this course will help an INVF perform at an acceptable level on a national basis without regard to geographic boundaries. The course is presented by lectures, electronic presentations, field exercises, and class discussion.

OBJECTIVES:

- Identify the elements of the NWCG Fire Investigation Certification program.
- Perform the common roles and responsibilities of an INVF involved in an initial investigation environment.
- Practice Wildland fire investigation methods, evidence collection and documentation processes in a realistic environment.
- Identify the laws, regulations and related court procedures associated with administrative, civil and criminal litigation processes.

TARGET GROUP:

Recommended training for experienced fire personnel and law enforcement officers with wildland fire investigation responsibilities.

PREREQUISITES: Law enforcement officer or one year experience as firefighter. There is an interactive self paced pre-course work to familiarize students with the background information necessary to successfully complete the course.

TWO CLASSES WILL BE OFFERED:

May 19-23, 2008

June 09-13, 2008.

LOCATION: Yakima Fire District #4, East Valley Fire Station #40, 2003 Beaudry Rd, Yakima, WA

LEAD INSTRUCTOR: Dennis Heryford, WA Dept. of Natural Resources

Mail or FAX registrations to: Email noms. to diana.hernandez@dnr.wa.gov or fax to (360)902-1781 c/o Diana Hernandez

Training Announcement D-110 EXPANDED DISPATCH RECORDER

Nominations due January 10, 2008

Minimum number of students: 10

Maximum number of students: 24

COURSE DESCRIPTION: The course provides students with the skills to perform as an expanded dispatch recorder(EDRC). Topics include: the structure of the expanded dispatch organization, description of resource ordering and statusing process, and the importance of the EDRC having effective communication skills and working relationships. The final is a 4-hour, scenario-based exercise where students will complete resource order forms based on timed inputs and supplemental handouts. There is a Reference Guide at the end of Unit 3 that contains reference documents for students to use during the course and when on assignment. The course gives a very general overview of Resource Ordering and Statusing System (ROSS) – it does not teach students how to use ROSS.

OBJECTIVES:

- Describe the purpose and structure of expanded dispatch.
- Describe the role and responsibilities of the expanded dispatch recorder.
- Demonstrate how to mobilize and demobilize incident resources using
- Established dispatch ordering channels and resource order forms.
- Describe how to communicate effectively and foster positive interpersonal working relationships.

DATES OF CLASSES: February 20 through February 22, 2008

PREREQUISITES: None

TARGET GROUP: Individuals who have no previous training or experience in the dispatch function and who will be called upon as needed to assist in the expanded dispatch organization..

A-219 Helicopter Transport of External Loads (Classroom and Field)

May 16th 2008

Wenatchee Rappel Base
E. Wenatchee, WA 98802

Course Coordinator: Billy Turner wturner@fs.fed.us

Phone: (509) 884-2492 Fax: (509) 884-8799

Nominations Due: April 18th, 2008

Selection will be by phone.

Target Group

- Helicopter Crew persons
- Aircrew Members
- Agency personnel who are likely to need knowledge and skills in this module to perform their normal duties, i.e., smokejumpers, selected hotshot or I/A crewmembers, resource personnel who routinely use helicopters to transport external loads to accomplish their assigned projects, etc.

Prerequisites

- B-3: Combination Helicopter/Airplane Safety or S-270
(Note: The B-3 may be taken by itself or as part of the S-271, Helicopter Crewmember Training.)
- A-110 Transportation of Hazardous Materials.

Course Description

- This module provides technical training and procedures for agency personnel performing helicopter external load operations. Students will receive classroom training and will be asked to demonstrate proper procedures to safely conduct helicopter external load, hover hookup, and longline operations. This is a performance-based training module requiring a passing grade of 70% on a final exam.

The class will be held at the Rappel Base. Any questions call Billy Turner.

Helicopter Crewmember Refresher/A-219

June 26th (HECM Refresher/A-219 Class)

27th (Field Portion A-219) @ 1000

Wenatchee Valley Rappel Base Training Room

3796 Airport Way

East Wenatchee, WA 98802

Course Coordinator: Chris Sotherlund Phone: (509) 884-2492 Fax: (509) 884-8799

Nominations Due: May 23rd 2007

Selection list will be mailed.

Target Group

- Helicopter Crewmembers

Prerequisites

- RT-271= S-271
- A-219= I-100, IS-700, RT-130, S-270 or HECM
-

Course Description

- This refresher is designed for any person who works in or around aircraft to ensure the successful outcome of the mission. All units in the Interagency Aviation Training Module B-3 will be covered. This includes; A-101 (Aviation Safety), A-105 (Aviation Life Support Equipment), A-106 (Aviation Mishap Reporting), A-108 (Preflight Checklist and Briefing/Debriefing), A-110 (Aviation Transportation of Hazardous Materials) and A-113 (Crash Survival), A-209 (Take off and landing areas). We will also include A-104 (Overview of Aircraft Capabilities and Limitations) to include the new load calculation forms.
- A-219 Class and Field (Second Day)

Course Objectives

- Review employee safety while working around helicopter and airplane operations.
- Review aircraft capabilities and limitations and complete new load calculation forms.
- Demonstrate appropriate use Aviation life support equipment.
- Describe agency policy on procedures for reporting aircraft accidents and incidents.
- Describe the step by step process to assure a safe and efficient flight.
- Identify critical actions required to increase survivability in the event of an aircraft accident.
- Comply with DOT Regulations 49 CFR 171.8 for transportation of hazardous materials. (Re-currency requirement every 3 years).

S-203 Introduction to Incident Information

Nominations due March 14th, 2008

Minimum number of students: 15

Maximum number of students: 25

COURSE DESCRIPTION: This course provides students with the knowledge and skills they need to serve as public information officers (PIOF). It touches on virtually all aspects of establishing and maintaining an incident information operation, communicating with internal and external audiences, to handling special situations. The format of the course is lecture and exercise, with a final simulation.

OBJECTIVES:

- ▶ Describe the role, duties, and responsibilities of a public information officer (PIOF) in incident management and the overall incident organization.
- ▶ Describe the kinds and sources of information incident information officers need.
- ▶ Describe the interests and needs of, the gathering and distribution of information for, and the importance of communication with the news media, communities, internal audiences, cooperators, and other key audiences.
- ▶ Prepare for, coordinate, and give effective media interviews.
- ▶ Describe handling of situations requiring special attention.

Training Announcement

S-234 – Ignitions Operations

(Tuition Free)

Nominations Due:

3/12/08

Minimum number of students: 10

Maximum number of students: 25

COURSE DESCRIPTION:

This is an entry-level course providing training in the functional roles and responsibilities connected with firing operations. The course covers, planning, ignition procedures, techniques, and equipment applicable to wildland and prescribed fire. This course also addresses the role of the ignition specialist or firing boss as the organization manages escalation from a non-complex to a complex fire situation. Note: This course is not intended to qualify or certify any personnel in the use, storage, or transport of any firing device. Rather, it is to provide the potential firing boss a description of available equipment and the requirements specific to each such device.

OBJECTIVES:

- Describe the role and responsibility of the single resource boss (FIRB), firing and prescribed fire ignition specialist (RXI2) for planning, execution, safety, training, and coordination of an on-incident burn operation.
- Analyze an ignition/firing plan and describe its validity.
- Write an ignition/firing plan to include: ignition method, firing tactics, resource needs, and safety.

PREREQUISITES:

Intermediate Wildland Fire Behavior (S-290).

DATE(S) OF CLASSES: **March 17th through March 20th, 2008 8:30a.m.**

LOCATION: **Mount Tolman Fire Center Keller, WA**

S-270 Basic Air Operations

May 19-20th 2008

Wenatchee Valley Rappel Base Training Room

3796 Airport Way

East Wenatchee, WA 98802

Course Coordinator: Nick Gavin ngavin@fs.fed.us Phone: (509) 884-2492 Fax: (509) 884-8799
Nominations Due: **April 25th 2008**
Selection list will be mailed

Target Group

- Advanced firefighter/ squad leader; those planning to qualify as a single resource boss.

Prerequisites

- S-130, S-190, I-200

Course Description

- The course affords the trainee a survey of uses of aircraft in fire suppression and provides trainees instruction on how to conduct themselves in and around aircraft. The course also deals with management policy, regulations, and procedures, which govern agency aviation operations in fire suppression. It will familiarize the trainee with tactical and logistical uses of aircraft in fire suppression as well as describe the specifications for helicopter landing areas.

Course Objectives

- List the 4 ICS Type of helicopters and air tankers and the criteria that make up each type.
- Be able to identify aircraft makes and models.
- Identify and discuss safety procedures to be followed during flight and while working around aircraft.
- Describe aviation regulations that agencies implement which are more restrictive than the Federal Aviation Administration (FAA).
- Define and discuss tactical and logistical uses of aircraft used by agencies in fire suppression.
- Describe the criteria for determining the effectiveness of a suppressant/ retardant drop and safety procedures to observe during a suppressant/ retardant drop.
- Identify specifications and safety requirements for helicopter landing areas used by agencies in fire suppression.

S-271 Helicopter Crewmember

May 12th thru May 15th, 2008

Wenatchee Rappel Base

E. Wenatchee, WA 98802

Course Coordinator: Garrett Harasek Phone: (509) 884-2492 Fax: (509) 884-8799

For additional information or questions please contact Larry Yeckel at lyeckel@fs.fed.us

Nominations Due: **April 11th, 2008**

Selection list and course information will be mailed.

Target Group

- This training course is designed to meet the training needs of personnel involved in assignments with helicopters. The skills taught in this course will enable an individual to work with a helicopter in performing tasks common to all helicopter operations.

Prerequisites

- Fire fighter type II.

Course Description

- The Interagency Helicopter Crewmember Training, S-271, is designed to standardize basic training of individuals in the knowledge/skills required to work with helicopters. The skills taught relate to fire and non-fire project assignments. No matter what the assignment is or where it is, there are a variety of skills required to accomplish the task.

Course Objectives

- Upon completion of this course, the trainee will be able to demonstrate proficiency in all identified areas of helicopter use to safely achieve efficiency and standardization.

S-336 Tactical Decision Making in Wildland Fire

Nominations due March 3rd, 2008

Minimum number of students: 15

Maximum number of students: 20

COURSE DESCRIPTION:

This course is designed to meet training requirements in the Operations Section of the Incident Command System. Examples and exercises in this package are specific to wildland fire suppression.

OBJECTIVES:

- Develop the knowledge and practice in decision making necessary to effectively apply wildland fire suppression tactics.
- Develop the tools for leadership in applying and teaching appropriate fire suppression tactics at their home unit.

PREWORK: Pre-work reading will be sent to the selected individuals prior to course.

DATE(S) OF CLASSES: March 24th thru March 28th

PREREQUISITES: Qualified as a single resource boss or initial attack incident commander type 4 (ICT4).

TARGET GROUP:

This course is designed primarily to prepare experienced single resource bosses and initial attack incident commanders in the tactics necessary at the strike team/task force leader level. It is also valuable for operations supervisors qualified at higher management levels who have not received training in wildfire suppression tactics.

LOCATION: Colville National Forest. Specific site will be sent to individuals at time of selection.
