

Live Fire Equipment Checklist

The SUBE training program includes drills which involve live fire. Self-Contained Breathing Apparatus (SCBA) and full turnouts are required.

1. The following equipment **must** be provided by each student in order to participate in the course.

Required Items	Have?
1. Complete SCBA and Mask (in working order)	
2. Two full SCBA Cylinders-within hydro test dates	
3. Turnout Coat	
4. Turnout Pants	
5. Structure Helmet	
6. Structure Gloves	
7. Fire Resistant Hood	
8. Bunker Boots	
9. Knee Pads (recommended)	
10. Ear Plugs	
11. Clear Safety Glasses	

2. a.) Students must meet the medical requirements as designated by the 2013 Fire and Aviation Management Respiratory Protection Program and Self Contained Breathing Apparatus Standard Operating Procedures and/or their specific agency to wear and use SCBA.

b.) Students must have current annual fit test (within one year) conducted in accordance with ANSI Z88.10 in order to certify that the SCBA fits properly (OSHA standard 1910.134(f))

- Beards or other facial hair which contacts SCBA seals are not permitted
- All equipment must be functional, meet appropriate standards, and fit properly
- Students should take the time to become familiar with their equipment before the beginning of the course

I verify that the above criteria have been met.

Student Name: _____.

Student Signature: _____ Date: _____.

Supervisor Name: _____.

Supervisor signature: _____ Date: _____.

Please bring this signed form with you the first day of class. It will be collected for verification.
