
SUBSCRIBE & UNSUBSCRIBE

You can now 'subscribe' to a Session. Subscribers will automatically receive a notification email if the Session is modified, such as changes in dates, coordinator, facility, status, or a new Roster or Download has been uploaded or replaced.

No email will be sent if the Session is not updated. Emails are sent, at most, once a day.

Students can 'subscribe' to Sessions to be notified when pre-work or completion roster is posted, or if other changes are made to the Session.

Course Coordinators and other folks may also want to subscribe.

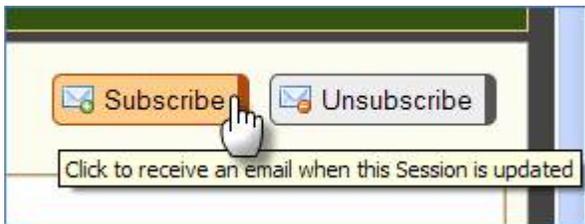

All subscribers are automatically unsubscribed 1 week after the Session end date.

Subscribers can also manually unsubscribe at any time.

HOW TO SUBSCRIBE & UNSUBSCRIBE

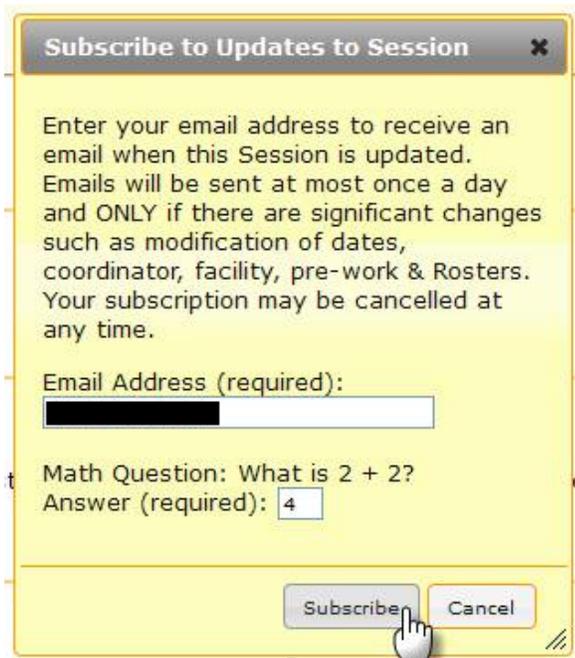

On the **Session Details** page, in the upper right, there are 2 buttons. Example Session Details page:

http://www.nationalfiretraining.net/schedule/detail/nw_RX410_01-07-2013_2493

Click the **Subscribe** button. In the form that pops up, enter a valid email address (and answer a 'spam-bot preventer' math question), and submit the form.

A 'successfully subscribed' email will be sent to the entered email address.

Click the **Unsubscribe** button on the **Session Details** page to remove your email from the subscriber list.
