October Meeting Minutes: Approved

Training Committee Update:

- Working with Local Units looking for folks to go out as Expanded Dispatch trainees on incidents. We are losing a lot of experience in that position due to retirement.
- WFSTAR has created a video for 2017 regarding what dispatchers do, to create interest
- Change to 310-1 on READ, adding REAF qual. No READ refresher required now, but the Local Unit can still provide that training.

New Business:

- Discuss central meeting point for EWITZ meeting, possibly Moses Lake in the future. Will revisit next meeting.
- Representation from Yakima Training Center—Ryan Lacey and Mike Pipgrass. Willing to help how they can. They have 16 classrooms in which they could support guard school. Other options: Engine Academy, HEQB training, prescribed burning.
