

Emergency Medical Provider Refresher

DATE (S)	HOURS	IQCS #	LOCATION (S)
February 13-17, 2017	40	NA	Missoula, Montana

Course Description

The Emergency Medical Provider Refresher Training course is an intensive 40-hour refresher taught over 5 days. This course will include EMT skills/endorsements, an American Heart Association BLS course, and topics covering FS policy, out-of-state provider requirements and All-Risk/Fire incident issues.

While this refresher conveniently meets the needs of participants, those in attendance should realize that the curriculum is extensive and skills must be demonstrated. Multiple quizzes must be successfully completed in order to obtain course completion. This course may be used to fulfill the requirements for taking a refresher course as established by the National Registry of EMTs (NREMT). An American Heart Association Adult BLS course will also be offered for students needing recertification. Students will receive endorsements for the following: IV/IO Initiation, IV/IO Maintenance; Airway Management, and Medications.

Prerequisites: You must possess a current EMTB, EMTA, or Paramedic license.

Objectives

1. Review EMT skills, endorsements and core subject material.
2. Review the duties and responsibilities of an EMT/Paramedic.
3. Discussion of required FS paperwork and forms.
4. Skills demonstrations during appropriate simulated patient care situations.

Target Group

Forest Service employees and/or Incident Medical Specialists (IMS), who are **currently certified** as an EMTB, EMTA, and/or Paramedic in Region One. This "Emergency Medical Provider" continuing education (CE) training is in accordance with the National Continued Competency Program (NCCP) Recertification Requirements applicable to all levels of provider certifications to include Emergency Medical Responder (EMR), Emergency Medical Technician (EMT), Advanced Emergency Medical Technician (AEMT), and Paramedic (P)."
